HighMark Charter School
7th Grade Registration

Hello! Thank you for choosing HighMark! We are excited to have you enrolled for the 2024 – 2025 school year! We are excited to offer a lot of class choices for this year. Please read the instructions carefully as some things have changed from previous years.

Instructions

All class choices will be selected on the back side of this page. Students will have a total of 8 credits for the school year. Required courses have already been selected on the left hand side of the page. Please choose elective classes **totaling 2.5 credits.**

The classes you list on the lower, left hand electives table will be your first choices. List these in order of preference with 1 being your first preference, as indicated by the column labeled "order". You do not need to fill out all the slots, you simply need to fill out 2.5 credits. For example, if Spanish 1A is my first choice, I will list it under number one and mark that it is a 1 credit class. I now have 1.5 credits remaining which I can fill with a combination of 1 and .5 credit classes. A 1 credit class indicates the class is yearlong, while .5 credit classes only last a semester.

Next, select 3 classes as alternates and list them under the alternate choices heading. These will be scheduled if your first choices are not available. If your student has an IEP, please fill out this registration form normally, and the Special Education team will help schedule your student in the appropriate courses.

This form must be filled out and signed by a parent/guardian and returned to your homeroom teacher by **Monday, APRIL 22nd.** The entire course catalog of class descriptions can be found on the Highmark Counseling Website, and will also be emailed as an attachment to all students and parents.

If your student has already been voted in as an SBO officer for next school year, please list "SBO" as your first elective choice on this form. The SBO course is a 1 credit class. Some classes require an audition, which will happen after registration takes place. If your student is interested in one of these classes, simply request it and make sure to do the audition when it happens. If the student is not accepted into the class, an alternate will be used.

Honors Classes

Honors credit will be associated with the general curriculum for any core class. A separate "honors" class does not need to be registered for. More information will be provided at the beginning of the school year.

Code	Required Courses: Class Name	Credits
7010	Language Arts 7	1
7020	7ᵗʰ Grade Math	1
7030	Integrated Science 7	1
